TUNNEL OF OPPRESSION

The Tunnel of Oppression is an interactive experience that examines contemporary issues of race, class, domestic violence, religion, body image, gender identification and discriminatory forms and processes. Participants are guided through a series of scenes that aim to educate and challenge them to think more deeply about these issues. At the end of the tour, there is a brief facilitated discussion, which allows the opportunity to process the experience. The entire experience lasts approximately 60 minutes per group and is an opportunity for students to think critically about issues that impact the NC State community.
